IMPORTANT FROM ITALY.

Special Telegram to the Herald. Garibaldi Arrested by Order of Victor Emanuel.

Florence, Sept. 24, 1867. General Garibaldi was arrested to-day, near a small town named Azevalva, by order of King Victor Emanuel.

Garibaldi was engaged in perfecting his plan of invasion of the Pontifical territory, which embraces the idea of an immediate march on Rome, after which, if successful, the Eternal City was to be proclaimed the capital of united Italy by the leader of the "party of action." His intentions and design were made known to his adherents, and consequently to the King's government in this city, by the circulation amongst the revolutionists of a very inflammatory address, dated and issued from Arrezzo on Sunday last, the 22d instant.

The issue of this revolutionary paper placed King Victor Emanuel in a difficult position. By the recent convention with France, under which the French troops evacuated Rome, he is bound to maintain the Papal territory free from filibusterism coming from Italy, even at the cost of offending his progressive friends among the people.

The King has executed his treaty obligation with fidelity. He replied to Garibaldi's address by a royal proclamation, circulated also on Sunday, in which he denounced the Garibaldian movement, cautioned his subjects against aiding or taking part in it, and declared his resolve to arrest and "rigorously punish" any of his people who disobeyed him, as well as others arrested on the soil of Italy engaged in a crime "against the law of nations."

By virtue of this proclamation Garibaldi has been arrested, and from this act may ensue the settlement of the long vexed Italo-Roman and Papal temporalities questions.

The arrest of the General will produce very considerable excitement, although his prestige has been tarnished somewhat in the eyes of the people by the report of his proceeding at the Geneva Peace Congress.

ITALY AGAINST THE REVOLUTION.

Special Telegram to the Herald. Victor Emanuel's Cabinet Determined Against the Revolutionists. The Arrest of Garibaldi—His War Munitions and His Seized—The General a Prisoner in a Fortress.

Florence, Sept. 24.—P. M. The Italian Cabinet, under the premiership of Rattazzi, is determined to prevent the invasion of the Papal territory by the Garibaldians or "party of action" men, and also to preserve from violation the articles of the Convention of September 15 with France, and the other treaties guaranteeing, or which may be held to guarantee, the integrity of the Papal domain as at present constituted.

General Garibaldi, in pursuance of his plans against Rome was, on Monday last, at Sinigaglia, a fortified seaport of Central Italy, lying sixteen miles north-west of Ancona, and situated on the Misa at its mouth in the Adriatic.

Here the General was summoned by Italian authority, and under and by virtue of the King's proclamation in the name of the law, to retrace his steps.

Garibaldi at once refused, and upon his refusal he was immediately arrested by the officers of the Crown and conveyed, after a short delay, to the fortress of Alessandria, a building in which he enjoyed the privilege of a conference with Louis Napoleon during the progress of the Italian war in 1859.

The arms and war munitions intended for the use of the Garibaldian troops were seized on the frontier.

The Italian volunteers who formed the Garibaldian ranks were also made prisoners by the agents of the King of Italy.

Intense excitement prevails in the city.

The Herald City is greatly excited by the

important political events which are transpiring in Italy.

The Papal troops, including the famous Antid Legion, which many Romans regard as a French force in reality, and which caused by its presence the recent military mission of General Dumont from Paris to Rome, are very active and on the alert everywhere.

THE NEWS IN PARIS.

Special Telegram to the Herald. Popular Excitement Over the Advances from Italy.

Paris, Sept. 24.—P. M. The city is excited to a very great degree by the publication of the news of Garibaldi's arrest by the Italian troops and the present frustration of the revolutionary advance on Rome.

The reports are commented on freely, parties expressing themselves in approval or condemnation just as they incline in feeling towards Garibaldi's idea of progress or the conservatism of Napoleon.

FRENCH TROOPS IN ITALY.

Special Telegram to the Herald. A Fleet at Toulon for Their Embarkation.

Toulon, Sept. 24, 1867. A number of French transports and war vessels are already assembled at this naval station, under orders of the Minister of Marine, ready for the duty of embarking a force of imperial troops and conveying them to Italy, to the aid of the King's government in its action against the revolutionists.
